We understand that everyone has different financial situations and are willing to work with you if the payment schedule is not feasible for you. In addition, in order for us to operate and get the kids training facilities, tournaments, coaches pay, etc... the payments must be on-time and the \$1,450 commitment must be honored. The commitment is for a whole year and we must be able to cover our costs until the end of the season. There will be opportunity for fundraising that will help offset costs as well. Again, thank you for choosing our club and we are looking forward to a great first season as Penn United Force, F.C.

Sincerely,

Penn United Force, F.C. Staff
